

Hypnotherapy Certification Program

23 Tuesdays, September 1, 2026 – February 23, 2027

No Class – Nov. 24, 2026 (Thanksgiving) and Dec. 22 & 29, 2026 (Christmas)
12–3:30 PM

In this 100 Hour Hypnotherapy Certification Program you will learn 26 Hypnotherapy Techniques to work on yourself and others. The class is focused on both the student's personal growth & preparing the student to be a well-rounded Hypnotherapist. In each class, the student will learn a technique, practice it on another student, and receive a session. Advanced techniques will be learned to focus on more in-depth emotional issues, personal transformation, spiritual healing, and processing.

This Hypnotherapy Certification Course is much more than a Basic Hypnotherapy Course, it will include developing your intuition and combining Shamanic Healing Techniques and Reiki into your practice for deeper process work. Creating a strong tool bag is essential when working with client's complex issues. This course is set up so that the new Hypnotherapist will feel confident and ready to take clients at the end of the course.

Class is limited to 8–10 students to ensure the quality of your education.
